Carrier:

Incident Journal

Journal Entry # 1: 04/10/2015 3:38 PM

Caller reports that his company has been contracted by EPA to clean up an old environmental services facility in Houston. He has come across a half full drum labelled with product name with a Ciba-Geigy label. He was aware that this was no a BASF product line but cannot locate an msds. Searched in BASF library and could not find this specific Magnafloc. Advised that BASF personnel would notified and following up with him.
CHEMTREC Emergency Service Specialist: Milazzo, Joseph

Journal Entry # 2: 04/10/2015 3:46 PM

Out to David Anderson, BASF. Advised him of call and msds request. He will research. Will send harcopy report out shortly.
CHEMTREC Emergency Service Specialist: Milazzo, Joseph

Journal Entry # 3: 04/10/2015 3:53 PM

In from David Anderson, BASF. He advised that he has located an msds on E40S. Will conference in Tighe to discuss this. Out to Daniel Tighe, Weston Solutions. Advised him of White's call and conferenced him in to discuss.
CHEMTREC Emergency Service Specialist: Milazzo, Joseph
